

# Katun® Performance™ Monochrome Toner for use in

## HP LaserJet Pro 400 M401-series

### Printers & MFPs

Katun & OEM PNs: See page 2

## Increase your profits and receive excellent print quality with this Katun® Performance™ monochrome toner

The addition of this Katun® Performance™ toner cartridge for use in HP LJ Pro 400 M401-series, adds to Katun's growing product offering for use in HP monochrome printers. This remanufactured toner cartridge provides outstanding performance and excellent print quality, print after print, ensuring customer satisfaction. This product provides an excellent value: immediate cost savings without sacrificing quality.

### Benefits:

#### ◆ Performance You Can Trust

This Katun® Performance™ remanufactured toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing to ensure compatibility with the OEM toner. Katun's testing and evaluation protocols ensure industry-leading performance – giving you a reliable and profitable alternative to high-cost OEM toner.

#### ◆ Quality Remanufacturing Process

This remanufactured toner cartridge fits, installs, and performs similar to the OEM product, which helps make the transition from OEM toner to Katun® Performance™ seamless for your customers. Each cartridge is developed and manufactured according to strict Katun quality guidelines to ensure consistent quality and performance.

#### ◆ Expanding Line of Toners for use in HP Applications

Katun is continuing to expand its line of competitively priced toners (monochrome and color) for use in many of the most popular HP printers and MFPs. Katun has the high-quality toner you require at an affordable price.

#### ◆ Enhanced Profitability

These HP applications are still active in HP's current monochrome printer portfolio. This Katun® Performance™ toner provides dealers immediate and long-term profit improvement opportunities for a growing machine base.

## Machine Overview

First introduced in 2012, these printers are geared towards mid-size workgroups and large growing businesses. These machines offer reliable performance while also providing great print quality, quick output speeds of 35 ppm and a first print-out time of only 8 seconds.

Models	Intro	Speed (ppm)	Mfg Status	Functions
LJ Pro 400 M401-series	Q2 2012	35	Current	Print

## Product Characteristics

Color	OEM PN	Katun PN	Yield*
Black Standard Yield	CF280A	43152	2,700 pages
Black High Yield	CF280X	43153	6,900 pages

*\*Actual yield may vary depending on machine application, as well as machine, environmental and usage conditions.*
