Katun Performance™ Color Toner for use in

Kyocera Mita FS-C2026 MFP

Printers

Katun PN: See page 2 • OEM PN: See page 2

This new Katun® color toner cartridge set for use in Kyocera Mita color printers provides excellent print quality and performance

The introduction of these Katun Performance™ toner cartridges for use in Kyocera Mita FS-C2026 MFP printers adds to Katun's growing product offering for use in Kyocera Mita applications. This product provides the ideal combination of cost-savings and high-quality performance for dealers and end-users looking for an alternative to expensive OEM toners. To enable full compatibility with managed print systems (MPS), this new-build Katun Performance™ cartridge comes standard with a chip, similar to the OEM cartridge.

Benefits:

◆ **Reduce Your Supplies Costs**
Gain a competitive advantage and reduce your service costs. This product offers OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality or customer satisfaction.

◆ **Toner Performance You Can Trust**
This Katun color toner cartridge set has been developed and rigorously tested to provide outstanding image quality, color reproduction, and page yields. You can always trust Katun for a reliable and profitable OEM alternative.

◆ **Consistent Quality and Performance**
This new-build color toner set is the result of Katun's commitment to quality and provides the same outstanding performance and remarkable print quality that is synonymous with Katun Performance™ toner cartridges.

◆ **A Growing Line You Can Count On**
Katun's line of products for use in Kyocera Mita printers continues to expand with the introduction of these highly anticipated new toner cartridges. Kyocera Mita dealers who have successfully utilized previous Katun toner cartridges because of consistent performance, high print quality and significant cost savings, will be equally satisfied with this new Katun color toner cartridge set.
