Katun® Performance™ Monochrome Toner for use in

Lexmark E260, E360 & E460-series Models

Printers & MFPs

Katun PNs & OEM PNs: See page 2

Katun expands its toner line for use in Lexmark monochrome printers – these extended yield monochrome toners produce high quality prints at an exceptional value!

Note: Products shown represent Katun products in this category.

The introduction of these extended yield Katun Performance™ toner cartridges for use in Lexmark E260, E360 and E460-series adds to Katun's growing product offering for Lexmark printers. These remanufactured monochrome toner cartridges provides outstanding performance and print quality, print after print, at a significant cost savings vs. OEM toner.

Benefits:

◆ **Toner Performance You Can Trust**
These Katun Performance™ remanufactured toner cartridges have been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing to ensure compatibility to the OEM. Katun's testing and evaluation protocols ensure industry-leading performance from this reliable and profitable alternative to the OEM toner.

◆ **Expense Reduction – When You Need It Most!**
Every organization is looking for ways to cut costs and gain a competitive edge. These extended yield toners offer you just that – significant cost savings opportunities versus OEM supplies, without sacrificing quality or performance.

◆ **High-Quality Remanufacturing**
The new Katun® Performance™ toners for use in Lexmark E260, E360 and E460-series is produced according to Katun's proven remanufacturing process. Each cartridge is developed and manufactured according to strict Katun quality guidelines to ensure consistent quality and performance.

◆ **Growing Line of Monochrome Toner for use in Lexmark Printers/MFPs**
Katun offers a growing line of competitively priced monochrome toners for use in many of the most popular Lexmark printer and MFP series. Katun has the quality toner you need at prices that add profit to your bottom line.

KATUN®

Machine Overview

In 2008, Lexmark introduced the E260, E360 and E460-series printers. These machines have a print speed of up to 40 pages per minute and a first page out in less than 6.5 seconds. This compact, high endurance machine is ideal for individual desktops or for businesses of all sizes that print different types of documents in black.

Models	OEM PN	Katun PN	Yield*	Intro	Mfg Status
E260-series	E260A11E, E260A21E	43666	7,000 pages	Q4 2008	Discontinued
E360-series	E360H11E, E360H21E	43667	18,000 pages	Q4 2008	Current
E460-series	E460X11E, E460X21E	43668	18,000 pages	Q4 2008	Current

Actual yield may vary depending on machine application, as well as machine, environmental and usage conditions.
