

Katun Performance™ Monochrome Toner for use in

Lexmark X644/646-series

Printers & MFPs

Katun PN: See Page 2 • OEM PN: See Page 2

This monochrome toner provides outstanding value and great performance in Lexmark X644/646-series printers!

Katun introduces a remanufactured monochrome printer toner to our growing line of high-quality monochrome and color toners for use in Lexmark printers and MFPs. This new Katun Performance™ toner provides outstanding performance, excellent print quality and significant cost savings.

Benefits:

◆ Quality Tested for Outstanding Performance

This monochrome toner has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Image quality & density
- Yields
- Fusing performance

◆ A Great Profit Opportunity

This product offers industry-leading performance at significant cost savings, which means you can improve your profitability without sacrificing quality or customer satisfaction. Although these mid-size workgroup printers are no longer sold by Lexmark, machines in the field are likely to exhibit longer-than-average machine lives due to their track record of durability and infrequent performance issues.

◆ Consistent Product Quality and a Seamless Transition

These remanufactured toner cartridges fit, install and perform similar to the OEM products, which helps make the transition from OEM toner to Katun Performance™ toner seamless for your customers. Katun Performance™ toner cartridges are developed and manufactured according to Katun's strict quality guidelines.

◆ A Comprehensive and Growing Product Line

Katun offers a growing line of toner cartridges for use in the most popular Lexmark monochrome and color printers and multifunctional equipment – as well as other widely placed OEM printer models – enabling you to meet the printing supplies needs of all your customers – whether large or small.
