

Katun® Performance™ Color Toners for use in

Canon I-Sensys LBP 7750 CDN

Printers

Katun & OEM PNs: see table on pg 2

Katun® color toners provide OEM-equivalent print quality and outstanding performance – plus significant cost savings!

Katun introduces yet another addition to an already strong and comprehensive line of high-quality color toners for use in Canon printers and MFPs. This Katun® Performance™ color toner set provides outstanding performance, OEM-equivalent print quality, and significant cost savings. Since these printers are still actively being sold by Canon, these Katun® color toners provide dealers with outstanding profit opportunities now and in the future.

Benefits:

◆ Consistent Color Quality and Performance

Trust Katun for color – this color toner set has been developed and rigorously tested to ensure complete compatibility with the OEM toner and to provide outstanding:

- Color Reproduction
- Image Quality & Density
- Yields
- Fusing Performance

◆ Katun's Toner Formulation Provides Precise Color Matching

Using toners developed specifically for the Canon LBP 7750 printers ensures image quality and color reproduction equivalent to that of the OEM toner, to meet the expectations of your most demanding Canon color customers.

◆ High-Quality Remanufacturing

These toner cartridges fit, install, and perform similar to the OEM products, which helps make the transition from OEM toner to Katun® Performance™ toner seamless for your customers. Katun® Performance™ remanufactured toner cartridges are developed and remanufactured according to Katun's strict quality guidelines to ensure consistent quality and performance.

◆ Extensive Line of Consumables for use in Canon Printers

Katun offers a comprehensive line of remanufactured toner cartridges for use in today's most popular Canon monochrome and color printers, enabling you to meet the printing supplies needs of all your customers – whether large or small.
