Katun® Performance™ Monochrome Toner for use in

Kyocera Mita FS-1120-series

Printers

Katun PN: 39563, 39564 • OEM PN: See Page 2

Katun is pleased to announce the release of this top quality new-build toner cartridge for use in Kyocera Mita printers

The introduction of this Katun® Performance™ toner cartridge for use in the very popular Kyocera Mita FS 1120 machines adds to Katun's growing product offering for use in Kyocera Mita monochrome printers. This product provides the ideal combination of cost-savings and high-quality performance, with greater reliability compared to many other aftermarket remanufactured and new-build toner cartridges. To enable full compatibility with managed print systems (MPS), this new-build Katun® Performance™ cartridge comes standard with a chip, just like the OEM cartridge.

Benefits:

◆ **Toner Performance You Can Trust**
This Katun® Performance™ new-build toner cartridge has been developed and rigorously tested to provide outstanding image quality, image density, page yields and fusing performance. You'll receive industry-leading performance from this reliable, profitable OEM alternative.

◆ **Reduce Your Supplies Costs**
Every business, whether large or small, is looking for ways to gain a competitive advantage. This product offers OEM-equivalent performance at a significant cost savings, which means you can improve your profitability without sacrificing quality.

◆ **Consistent Quality and Performance**
This new-build toner is the result of Katun's commitment to quality and provides the same outstanding performance and remarkable print quality that is synonymous with Katun® Performance™ branded remanufactured toner cartridges.

◆ **A Growing Line You Can Count On**
Katun's line of products for use in Kyocera Mita printers continues to expand with the introduction of this highly anticipated new toner cartridge. Kyocera Mita dealers who have successfully utilized previous Katun® toner cartridges because of consistent performance, high print quality and significant cost savings, will be equally satisfied with this new Katun® toner cartridge.

KATUN®

Machine Overview

In 2010, Kyocera Mita introduced the FS 1120-series printer. This machine is ideal for small to medium-size businesses, as well as workgroups up to 10 people. This machine is compact in size and delivers print speeds up to 32 ppm, and a six second or less first-print time.

Models	Speed (ppm)	Mfg Status
FS 1120-series	32	Current
